PROFILE OBJECTIVE

Aspiring Data Analyst with hands-on experience in data cleaning, analysis, and dashboard development using Power BI, Power Query, DAX, SQL, Python, and Excel. Currently completing a Data Analytics internship at Decodelabs while building a portfolio of end-to-end analytics projects that transform complex datasets into actionable business insights. Brings strong analytical thinking, attention to detail, and stakeholder communication skills gained through experience in customer-facing and healthcare environments.

TECHNICAL SKILLS

- **Business Intelligence & Visualization:** Power BI, Power Query, DAX, Data Modelling, Dashboard Design
- **Data Analysis:** Microsoft Excel (Pivot Tables, Power Query, Charts), Data Cleaning, Data Transformation, Data Storytelling
- **Databases & Programming:** MySQL, Python
- **Other Tools:** Google Colab, Microsoft Office Suite, GitHub, Canva
- **Core Competencies:** Data Analysis, Reporting, Problem Solving, Stakeholder Communication, Attention to Detail

PROJECTS

Data Professional Survey Dashboard | Power BI

June 2026

- Built an interactive Power BI dashboard analyzing global survey data from data professionals.
- Developed data models and DAX measures to analyze salary trends, work-life balance, programming language preferences, and demographic insights.
- Implemented dynamic slicers, drill-through capabilities, and responsive visualizations to enhance user experience.
- Created executive KPI cards to track participant count, average age, salary satisfaction, and work-life balance scores.

Tools: Power BI, Power Query, DAX, Excel

Air Traffic Passenger Analytics | Excel

June 2026

- Developed an interactive analytics dashboard to examine air passenger traffic trends and airport performance metrics.
- Cleaned, transformed, and modelled aviation datasets to ensure accuracy and consistency.
- Analyzed passenger volumes, route patterns, and seasonal fluctuations to identify key trends and operational insights.
- Designed interactive reports with filters, KPI cards, and visualizations to support data-driven decision-making.
- Communicated findings through clear data storytelling and intuitive dashboard design.

Tools: Excel

RELEVANT WORK EXPERIENCE

Decodelabs

June 2026- Present

Data Analytics Intern | Decodelabs

Responsibilities

- Collect, clean, and transform datasets to support business reporting and analytical requirements.
- Develop interactive dashboards and reports using Power BI to communicate key performance indicators and business insights.
- Build and maintain data models, create DAX measures, and optimize visualizations for improved usability.
- Analyze data to identify trends, patterns, and opportunities that support data-driven decision-making.
- Collaborate with team members and stakeholders to translate business requirements into actionable analytics solutions.
- Prepare and present findings through clear data storytelling and concise reporting.
- Document processes, methodologies, and dashboard specifications to ensure consistency and knowledge sharing.

OTHER WORK EXPERIENCE

Birkdale Care Home
Health Care Support Worker

December 2024 – Present

Responsibilities

- Maintained accurate records and documentation, ensuring compliance with regulatory standards.
- Analyzed care plans and monitored service user outcomes to support informed decision-making.
- Collaborated with multidisciplinary teams to improve service delivery and resident well-being.
- Demonstrated strong attention to detail, communication, and problem-solving skills.

EDUCATION

University of Bradford
MSc Internet of Things

Bradford, UK
September 2022 – December 2023

Federal University of Agriculture, Abeokuta (FUNAAB)
BSc Computer Science

Ogun State, Nigeria
April 2018 – October 2021

CERTIFICATIONS

Data Analytics (Virtual Internship) | Decodelabs
DataCamp

In Progress
June 2026

- Introduction to Excel
- Data Analysis in Excel
- Data Preparation in Excel
- Data Visualization in Excel

ADDITIONAL INFORMATION

- UK-based Data Analyst
- Eligible to work in the UK
- Open to remote opportunities globally
